**Current Fundraising Status:**

**Culver's Fundraiser is a Success!!!**

After a delay due to snow and ice, things heated up at the Culver's of Edwardsville. Many Habitat volunteers came out and worked to help kick off our fundraising efforts.

On March 19<sup>th</sup>, Culver's donated 10% of the day's proceeds back to the Edwardsville / Glen Carbon Chapter of Habitat for Humanity, as well as allowed for us to set out our Habitat banks for collection of donations.

The grand total for the day was **\$800.00**.

Many, many thanks to Kelly Cobb, the staff at Culver's, the volunteers from Habitat and the patrons who helped make event this a huge success.

Culver's of Edwardsville is located at 6724 Old Troy Road, just past Home Depot and across the street from Target.

**Greater Edwardsville Area Community Foundation Grant Awarded**

The Greater Edwardsville Area Community Foundation, also known as "Your Community Foundation" has awarded the Edwardsville / Glen Carbon Chapter a grant for **\$5,000**.

Your Community Foundation receives contributions from private citizens, local businesses and other organizations interested in funding the charitable needs of the local area. The Foundation is a charitable trust that receives, manages, and distributes tax deductible, charitable contributions for the benefit of the residents of the Greater Edwardsville / Glen Carbon Area.

Like the Edwardsville / Glen Carbon Habitat for Humanity Chapter, the activities of the Foundation are governed by an all-volunteer Board of Directors, all of whom serve without pay.

Continued thanks to the Greater Edwardsville Area Community Foundation for recognizing the positive contributions that Habitat for Humanity makes in the development of our Edwardsville / Glen Carbon community.

**FUNDRAISING STATUS:** We are more than a quarter of the way in our ongoing fundraising efforts to raise enough money to select a family, design a house around their needs and break ground.

Before we can select the family and break ground, we need to raise \$40,000. To completely build a home, we will need approximately \$65,000.

If you are part of a Sunday School, church group, school program, Social Club, or any other organization and want to help out Habitat for Humanity, there are many fundraising opportunities for you help and to get involved with. Host a Spaghetti Dinner fundraiser, have a car-wash, put together a neighborhood garage sale, have a trivia night, the possibilities are endless if you are willing to volunteer your time and organizational ability.

### **Kids Day America / International**

Infinite Wellness Chiropractors are hosting the area's first ever Kids Day America. The event is set to take place on May 17, 2008 in the parking lot of their practice at 5A Club Centre Court in Edwardsville (near Neruda Restaurant).

They have graciously selected the Edwardsville / Glen Carbon Chapter to be this year's recipient of the proceeds for this event.

"Kids Day America International is a momentous day dedicated to health, safety and environmental issues that affect everyone in our community, and especially families. The great thing about this event is that the education is provided in a fun, interactive environment so that children have a good time while they are learning. Plus, there is no cost to attend."

Dr. Ryan Cleland and Dr. Matt Uchtman are chiropractors in Edwardsville specializing in Family Chiropractic and Wellness Care. Their office is committed to improving your quality of life, health and overall performance specific to your individual needs.
